PRODUCT SUMMARY: Gunshot Detection

3xLOGIC Gunshot Detection is a simple solution that easily integrates into existing security systems

3xLOGIC

Gunshot Detection

3xLOGIC Gunshot Detection identifies a gunshot using concussive force recognition technology - what you would "feel" if you were near a gunshot.

Being a self-contained device with a reliable dry contact, this allows to easily integrate the solution into an existing security system.

Gunshot Detection has a range of 75 ft. radius with a 360° coverage, which minimizes the number of sensors needed. The infrastructure has no need for software, servers, or relay board.

Typical Use Cases

- K-12 Education
- Warehouse and Distribution
- Small/Medium Business
- Finance and Banking

Key Features & Benefits

Alarm form C	✓
Warranty	1 Year Warranty
Range	75ft. & 360°
Concussive Force Detection	✓
Ceiling or Wall Mount	✓

What's in the box

Device and Install Manual.

Product Specifics

- 75' radius/150' Diameter detection range in any unobstructed direction
- FCC approved components
- Indoor rated
- Self contained detector
- Designed and manufactured in USA
- Test Mode via contact-less switch
- Temperature rating: -35°F to 135°F
- 15000 cu ft of coverage per device
- Trouble relay for AC power loss
- Die cast aluminum casing and HDPE

Connection Capabilities

- 75' radius/150' Diameter detection range in any unobstructed direction
- FCC approved components
- Indoor rated
- Self contained detector
- Designed and manufactured in USA
- Test Mode via contact-less switch
- Temperature rating: -35°F to 135°F
- 15000 cu ft of coverage per device
- Trouble relay for AC power loss
- Die cast aluminum casing and HDPE

Power Options

- 12vDC power transformer
- 12vDC separate power supply

Detection Method

- Engineered Shockwave technology (Non Microphone based detection)
- Sensors detect only gun shot shockwaves
- 360 degree detection within line of sight
- 8 sensors per device
- No server, software, or cloud-based service required for functionality
- Patent pending technology

Mounting Options

Wall Mount   Ceiling Mount

Part Numbers

3xLOGIC Part Numbers:

SentCMBW Bundled Gunshot Detection w/ Ceiling Mount-- White

SentCMBB Bundled Gunshot Detection w/ Ceiling Mount-- Black

Warranty

1 Year
