

# LB-SDVF/A

## Stainless Steel Security Lock Box

For Door Station Models: IS-DVF, IS-IPDVF, IX-DVF, IX-SSA

### -INSTRUCTIONS-

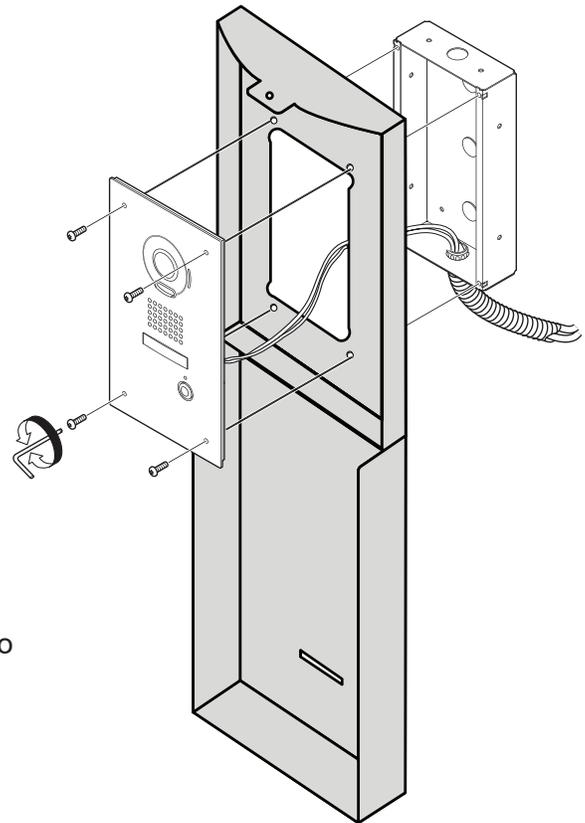

The LB-SDVF/A is an 16-Gauge stainless steel lockable enclosure designed to give the door station added protection during non-business hours. This enclosure is designed to be mounted with the following model Aiphone units: IS-DVF, IS-IPDVF, IX-DVF, IX-SSA.

#### CONTENTS:

- LB-SDVF/A
- "L" bracket (for securing in open position)

#### MOUNTING:

1. Install the flush mount backbox into the wall per the door station instructions.
2. Pass the door station wiring through the back box and through the center of the LB-SDVF/A and attach to the door station.
3. Secure the LB-SDVF/A and door station to the flush mount backbox using the included security screws.

**Note:** Customer is to provide a security lock of their choosing to lock the panel in the closed position when the system is not in use. When in the open position, the padlock can be secured to the "L" bracket.
