

AXIS Camera Station S2016 Appliance

All-in-one recorder with integrated switch for high-definition surveillance

AXIS Camera Station S2016 is an out-of-the-box ready compact surveillance appliance with an integrated manageable PoE switch. AXIS S2016 is validated for reliable high-definition surveillance up to 4K. It is preloaded with AXIS Camera Station video management software with Universal licenses for 16 channels and other necessary system software. It is preconfigured to minimize installation time. AXIS S2016 has validated hardware components and three-year hardware warranty. AXIS Camera Station offers an intuitive user interface and allows users to take full advantage of Axis' wide range of video surveillance cameras and other IP products. It also supports integration of third-party cameras.

- > All-in-one solution with integrated PoE switch
- > Validated with extensive support
- > High-definition surveillance up to 4K
- > AXIS Camera Station included
- > Full compatibility with Axis' products
