

M12-mount optional lenses

Lenses for cameras with M12-mount

Axis network cameras are equipped with carefully selected lenses to provide the best possible performance and durability. A selection of various optional lenses, ranging from different focal length and aperture, helps meeting special surveillance requirements. Axis supplies a range of tested and approved optional lenses that are suitable for cameras with a M12-mount.

- > Tested and approved for Axis cameras with M12-mount
- > Excellent image quality maintained
