

Black SP Warranty

Black Security Products (BSP) warrants its products to be free from manufacturing defects in materials, workmanship, and installation for a period of One (1) years from time of project completion.

BSP shall not be liable to honor the terms of this warranty if the product has been used in any application other than that for which it was intended, or if it has been subjected to improper maintenance, misuse, accidental damage, or modification after acceptance.

This warranty shall be the sole and exclusive remedy to the original purchaser. In no event shall BSP be liable for incidental or consequential damages of any kind (property or economic damages inclusive) arising from the improper use of this equipment. BSP is not liable for any claim made by a third party or made by the purchaser for a third party.

BSP shall, at its option, repair or replace any product found defective, without charge for parts and labor. Only the un-expired portion of the warranty shall cover repaired or replaced equipment or parts supplied under warranty.

Except as expressly set forth in this warranty, BSP makes no other warranties, expressed or implied, nor authorizes any other party to offer any warranty, including any implied warranties of merchantability or fitness for a particular purpose. Any implied warranties that may be imposed by law are limited to the terms of this warranty. This warranty statement supersedes all previous warranties.

Proper maintenance as outlines in the BSP Maintenance Manual for the ACCS system and the BSP manual for the AVBâ€™s must be adhered to for the warranty to be valid. BSP does not warranty GFE Government furnished equipment.
